### REMARKS

#### The Amendments to the Specification

Applicants have amended the specification to add a Sequence Listing. Support for SEQ ID NOS: 1-3 in the Sequence Listing may be found on page 74, lines 25 and 28 and on page 77, line 5.

Applicants have amended the specification by providing replacement page 77. Replacement page 77 is identical to originally-filed page 77 except that it provides a sequence identifier (SEQ ID NO: 3) for the EGF receptor peptide sequence.

None of these amendments adds new matter. Their entry is requested.
